

LAXMI CHAUDHARY

UI/UX Designer

Ballabgarh, Faridabad (NCR) | 8076694619 | chaudharylaxmi@gmail.com | Portfolio: behance.net/laxmichaughary2

PROFILE

UI/UX Designer with 1+ years of design experience and self-led UX case studies covering user research, wireframing and high-fidelity prototyping in Figma. Skilled at translating business requirements into clear, user-centered interfaces, with hands-on agency experience delivering brand and digital assets end-to-end. Comfortable working with AI tools such as ChatGPT, Claude and Lovable to speed up research, ideation and prototyping. Looking to bring this research-driven, detail-focused approach to a full-time UI/UX design role.

SKILLS

UX/UI Skills: Wireframing, High-Fidelity Prototyping, User Research, Usability Testing, Heuristic Evaluation, Information Architecture, Design Systems, Interaction Design, Responsive Design

Design Tools: Figma, Adobe Photoshop, Adobe Illustrator, Adobe Premiere Pro, Adobe Dimension, Miro, CapCut

AI Tools: ChatGPT, Claude, Lovable

Soft Skills: Communication, Client Management, Attention to Detail, Time Management, Problem-Solving, Collaboration, Adaptability

EXPERIENCE

Graphic Designer | Creative Orion Studio, Faridabad

January 2026 – July 2026

- Designed brand identity systems and business stationery, translating client requirements into consistent, user-facing visual assets.
- Created brochures, catalogues and marketing collateral with a focus on clear layout, hierarchy and readability.
- Designed social media creatives and campaign visuals to support digital marketing initiatives.
- Built high-quality mockups to present design concepts realistically to clients before final production, streamlining feedback and approval cycles.
- Prepared brand guideline documents to ensure consistent use of logos, colour and typography across all touchpoints.
- Collaborated within a cross-functional design team to deliver work on schedule while maintaining quality and brand consistency.

Freelance Designer | Independent Clients

- Designed logo systems and complete brand identity packages for startups and small businesses.
- Managed client relationships independently — presenting design iterations and incorporating feedback into revisions.

PROJECTS

GovHub — Government Jobs & Schemes App | Self-directed case study

- Designed an end-to-end mobile app helping users discover and apply for government jobs and welfare schemes, from research through high-fidelity prototype in Figma.
- Conducted user research to identify navigation and trust barriers, then translated findings into a simplified information architecture and application flow.

RideEasy — Driver-Facing Ride Management App | Self-directed case study

- Designed a driver-side ride management app addressing pain points in trip acceptance, earnings tracking and daily workflow, backed by user research.
- Built a high-fidelity Figma prototype covering key driver flows from ride request to trip completion.

Heuristic Evaluation — Letterhead App | Self-directed case study

- Conducted a heuristic evaluation of the Letterhead app, mapping usability issues in the interface to Nielsen's 10 usability heuristics.
- Proposed redesign recommendations to improve clarity, user trust and overall flow.

EDUCATION & CERTIFICATION

Bachelor of Computer Applications (BCA) | Maharshi Dayanand University, Rohtak

2023 – 2026 | Ballabgarh

UI/UX & Graphic Design Certification | Dice Academy, Delhi
